Savings in treatment costs for cancer patients in Nagpur and surrounding areas Accommodation facilities for cancer patients and relatives of the patient at Swasti Niwas ; There will be continuity in treatment.

Nagpur, Pankaj Peth:
Due to long journey and inadequate accommodation arrangements, cancer patients may miss their doctor appointments or delay their treatment, which affects the continuity of treatment. To solve this problem, Dr. Abaji Thatte Service and Research Institute Management has planned to create a residential facility for cancer patients and their families. This facility will be known as 'Swasti Niwas' and will provide accommodation to cancer patients during treatment. This facility will have accommodation for 400 patients and their relatives. This will ensure continuity in the treatment of cancer patients and also save on their treatment costs. Perno Rica India, a multinational company, has financially supported the Swasti Niwas project through its CSR initiative. JJ Consultants will be constructing the Swasti Niwas building. The proposed design of the facility includes a facility center complex, food court, and a total construction area of 1.7 lakh sq. ft. Swasti Niwas will provide accommodation for 400 patients and their families. This will help reduce the financial

burden of patients staying for long periods of treatment and make cancer treatment more affordable. National Cancer Institute, Nagpur, established at the initiative of Dr. Abaji Thatte Seva and Research Institute, has established itself as a trusted center for cancer treatment in Central India over the past few years. Cancer is still considered a completely incurable disease. In India, the incidence of oral and cervical cancer is particularly alarming. Since Nagpur city is known as the 'Capital of Oral Cancer', there was a need for a state-of-the-art treatment center here. Recognizing this need, Dr. Abaji Thatte Service and Research Institute started with a 20-bed hospital in 2012. This modern and grand ten-storey hospital, spread over an area of 7.5 lakh square feet, with a

capacity of 470 beds, was inaugurated on April 27, 2023 by Sarsanghchalak Dr. Mohan Bhagwat. The hospital focuses on personalized care, affordable treatment and modern research. Review of the services provided by the organization in the last 8 years: Newly registered patients: 46,699; OPD visits: 10,60,313; Inpatient (IPD) : 1,36,507; New patients undergoing radiation therapy: 8,494; Radiology examinations: 1,19,531. Considering the increasing need of patients, the organization has announced to implement a housing project named 'Swasti Niwas'. This will provide well-equipped and comfortable accommodation for patients and their relatives who come for treatment. With the motto 'The first step to freedom from cancer', this hospital has become more than just a treatment center, but a powerful weapon in the fight against cancer. The chief patron of the organization is Chief Minister Devendra Fadnavis, and this work is being successfully carried out under the guidance of President Adv. Sunil Manohar, Vice President Mr. Ajay Sancheti, and CEO Mr. Shailesh Joglekar.
